

'A glass of Rioja in the Rioja'

Northern Spain, also partly known as "The Basque Country" or Pais Vasco is an autonomous community of northern Spain. It includes the Basque provinces of Alava, Biscay and Gipuzkoa, also called Historical Territories.

It is synonymous with good wine, good food and beautiful beaches; however it has much more. As well as being one of the worlds prominent wine producing regions, Pais Vasco boasts one of the largest shipping ports of Bilbao and produce millions of tonnes of steel every year.

Trafertir International Transport proudly operates a twice weekly service to and from our Bilbao platform that serves Northern Spain on a daily basis. Unlike many of our competitors, we believe that a direct service is more efficient and secure, whilst improving transit times and reducing costs and carbon emissions.

This region in Spain still boasts several blue chip companies such as Daimler, BBVA bank, Iberdrola energy company as well as MCC, Gamesa, CAF to name but a few.

Industrial activities were traditionally centred on steel and shipbuilding, these activities decayed during the economic crisis of the 1970s and 1980s, when other business sectors such as aeronautics, electronics, automotive, chemical manufacturing as well as banking overtook the traditional industries.

We also offer express services to / from Spain and Portugal which may also be of interest to you. For more information, please visit our website at www.trafertir.com or contact us for further assistance.
